#### ***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose the claimed invention such as a process of sliding one of the pole piece on the corresponding permanent magnet in contact with a main surface of the corresponding permanent magnet on which the one of the pole piece is to be installed (as per claim 1) and a process of sliding the other one of the pole piece on the corresponding permanent magnet in contact with a main surface of the corresponding permanent magnet on which the one of the other pole piece is to be installed (as per claim 3). It is not obvious taken alone or in combination of other references fairly to suggest the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Claims 1-4 are allowed.
